EAST MANJIMUP PRIMARY SCHOOL

EMPS WALK OF FAME

YOUR NAME WILL GO DOWN IN HISTORY

The bitumen path leading into the school has been replaced with engraved pavers. This has started a timeline from the school's commencement in 1971, through to the present day and then beyond to the school's 100th year. Your paver will be laid chronologically at the time you first attended the school. In this way the path will be a historical timeline of names capturing the students and staff who have attended since 1971.

Engraving details: Please print clearly in block letters. Each square represents one letter, number, space or punctuation mark. (34 max)
