Hannah Kerry reported, “Before the year 3/4s began their spelling rounds, Mrs Harrington introduced people like the judges and other people that were important.”

“I really liked the spellademic, it was fun and challenging at the same time.”

“Before the year 5/6s spelling groups had our rounds of spelling words we had to wait in the ‘Games Café’ where we played lots of games while the year 3/4s were taking their spelling rounds. When it was our turn we got into our groups and began spelling.

In between our rounds we had little mind teasers where each table had to figure out the mind teaser and the first group to come up with the mind teaser all correct got to pick a prize off the prize table. When it was all finished we East Manji students had to clean up. Then we all came back to school.”

I enjoyed the Spellademic because it stretched our minds, made us think more and it helped me to learn how to spell new words.

“I was really excited to go to spellademic and I had a great experience there. I enjoyed making new friends and the brainteasers were fantastic. I was delighted to represent our school. A few of the words were challenging and I like that because it pushes me and it makes my mind work harder. I think the Warren Valley District Church is a fabulous place to hold the Spellademic because it is just the right size for the tables and chairs to fit inside. I think you and Mrs. Macredden did a great job”. From Ashlee H.
“A highlight of the Spellademic this year was definitely the Games Café. We had a lot fun waiting for our competition. We had: beautiful chocolate brownies, table tennis, board games, and colourings.

Thank you Stasha for keeping us under control.”

By Brendan Walsh

“My experience in the Spellademic was one of the best. The food in the Games Café was amazing (so were the games). The way the tables were set and the way you were all organised. I’m sure all the other competition felt like they were at their own school. Moving on to the prizes, I’m sure you bought those prizes from the Reject shop, anyways I thought you chose the best prizes and the medals were spectacular. Well done on the preparation and success”.

By Callum Walsh.
Yesterday I went to Spellademic with Ashlee and Callum. It was so much fun. First we had to wait for all of the other schools to arrive. Then, when we got started, we had to spell out words.

About an hour later, we had to go into the Games Café because the year 5/6’s turn was on. After they had finished Mrs. Mcredden started to call out the awards.

Our team had come third, but we weren’t upset, in fact, we were happy. Pemberton had come first by 40 points. Then after that we had to pack up while all the other schools had gone back to school.

We got to eat the leftovers from the parents. It was so much fun. I can’t wait until Mathademic”. Lola

“I think it was a good experience, and everyone enjoyed it. It was also a great achievement for one of our teams to come third. There was also some challenging words and the tiebreakers were good as well”. By Annalise Daubney.
“I felt nervous at first when we got there but when we got to our tables I started to feel a lot better. When we had done one round I got the hang of it. Finally we had finished and it was time to go to the Games Café. The Games Café had lots of different toys and all kinds of games. I really enjoyed the Games Café and met a few new friends. When our time was up in the Games Café we went to hear the scores. I was nervous there as well but we actually did pretty well. I had a lovely time and think the Warren Valley Community Church was a great place for Spellademic”.
