Spring Carnival 2015

The annual Spring Carnival was conducted at Collier Park and the Netball Stadium, with Manjimup PS, Kearnan College and East Manjimup students participating in a fun day of sport. The spirit of this carnival was clearly evident as the players tried out new sports and gave the games their very best effort. The standard of the skills shown was very impressive.
A major highlight of the day was how the students from Manjimup Senior High School organised, coached and umpired teams. Many of these students have been studying Community Recreation as part of their school courses and found it an excellent opportunity to try out and consolidate the understandings and skills they have been learning in class. They clearly enjoyed working with the primary school students, offering them tips and encouragement to improve their game throughout the day.
Everyone gathered at the stadium at the conclusion of the day, and medals were presented to students from each school for their excellent sportsmanship. Congratulations to our winners.

It was an excellent opportunity for people from all over the Manjimup Community to catch up with people they already knew, as well as to make some new friends. Thank you to Manjimup PS and Manjimup Senior High School, particularly Josh Rayson, for organising this very successful carnival.
