

T.H.R.E.E.

Together Helping Raise Early Education.

A pre-kindy program run by E.M.P.S in partnership with parents for the future of our children.

Why are we running a 3-yr old program?

East Manjimup Primary School is offering a pre-kindy program for 1- 1.5 hours a week. Early intervention is an excellent strategy in addressing learning needs, whether these needs are social, emotional, academic or physical. With the average age of students at primary school now being 6 months older, it makes educational sense to provide some educational access to our future kindy students and establish relationships and partnerships with parents.

Through the introduction of this program, it is intended that both students and parents will be able to participate in a variety of play based activities that will provide parents with skills, knowledge and advice and students with an opportunity to learn, engage and socialise with other children. It is also a great opportunity for parents to meet one another and the future teachers of their children in a relaxed and welcoming environment.

Helping your child make the best start

A key part of this program is your involvement in the practical activities and learning styles of your child. You are an essential part of your child's development and having a good knowledge of school expectations and learning programs, will greatly benefit your child when they commence kindergarten and help you know that you are giving them the best start possible. Some of the things that you will help your child to learn will be:

- Reading simple books with your child and asking simple questions that promote thinking.
- Helping your child to learn the social rules at school.
- Fun ways to engage your child with numbers.
- Modelling the difference between home talk and school talk.
- Become familiar with school programs and kindergarten routines.
- Meeting school staff and staff from other agencies to prepare their child for a smooth start to Kindergarten.

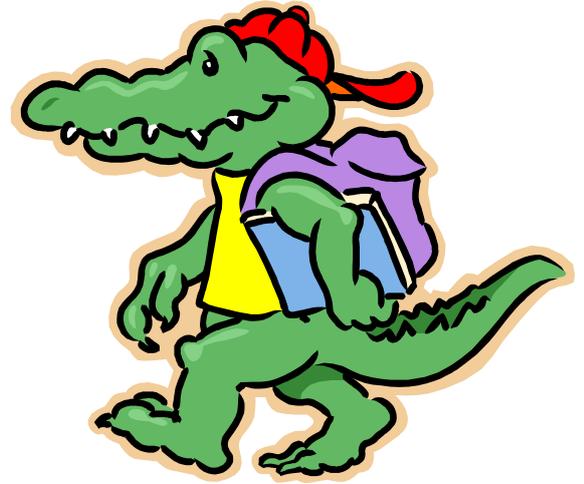

A SMART START

The “Smart Start” program has been a wonderful initiative by other Education Districts and the Local Government. As part of the THREE program topics that assist with the best development for your child will be covered.

There is information on—

- * Sleep!
- * Making your home safe.
- * The importance of fantasy play.
- * Storytelling.
- * Tantrum Tamers.
- * Games not Gadgets!
- * Activities to stimulate learning.

We will endeavour to organise speakers to visit as well as community members who will come and speak to us on various topics.

Community & Health Services

A number of Health Professionals will be attending our sessions and are a wonderful source of knowledge and advice.

They will be providing information as well as observing your children to identify needs. Some of these services will include:

- School Nurse
- Occupational Therapist
- Speech Therapist

SESSION INFORMATION

- The sessions will run on Mondays from Term 2 from 9.30am
- The sessions will be held at the EMPS kindy.
- The meetings will vary from session to session. We will be covering the following areas—
 - * Fine motor skills
 - * Reading to children
 - * Social skills
 - * On-entry readiness...and LOTS more!
- There is **NO COST TO YOU.**
